COLOR SHOP

Do you wish to choose a color design of the bike that will exactly meet your expectations? Would you like to have a really nice color recumbent gem? Again, this is not a problem. We have prepared a special program called Color Shop for you. You can combine the colors for your bike there. You can for example choose a blue front boom and carrier with a red frame and fork, including a red saddle. Just dream away for a minute, allow your imagination fly and anything will be possible.

However, please note that some parts of the bikes are hard anodized and it has to be so due to necessary tolerances in the manufacture and assembly. These parts cannot be painted and will always be black or red.

You can also choose different colors or some options like the Rohloff hub, SON hub dynamo or SON Edelux front light. These can all be either the standard polished silver version or you can have them in black or red color. Also Schlumpf cranks can be either silver or black. If you have any other special colorful wish just ask us and we will try to find a solution for you.

WHICH PARTS CAN BE PAINTED IN COLOR SHOP

TOP LINE (Max, Six, Mini)	main frame, front boom, rear fork, ASS stem, USS bars, seat, standard carrier
MAINSTREAM LINE (Ibex, Apus, Bufo)	main frame, front boom, rear fork, ASS stem, USS bars, seat, standard carrier
TRI con	main frame (front and rear part separately), front boom, rear fork, bars, seat frame, standard carrier, lower carrier
T-Tris	main frame (front and rear part separately), front boom, bars, seat frame, standard carrier, lower carrier
ORIGAMI	main frame (front and rear part separately), front boom, bars, seat, seat stay with integrated carrier
TWIN	main frame (front and rear part separately), front boom, rear fork, ASS stem, USS bars, seats, standard carrier
