- 15 Accessories

2018 brings lots exciting developments and news at ICE and much more to come later in the year. This is our trikes and accessories price list, showing full prices for all our trikes, model configurations and accessories. New for this year **available from mid March** we're launching a great new way to buy popular trikes ICE FAST TRACK.

A new pricing structure has been introduced to ensure all our trike prices are competitive and represent great value for money. We have a new Shimano STEPS range of electric trikes, new product updates, brand new how to video guides on our youtube channel and much more. Keep up to date on all things ICE on our website, facebook and social media pages. From the sporty VTX to the expedition tough off road Full Fat trike and everywhere in between ICE has a trike to suit your needs.

We always love to hear any comments, feedback and suggestions from you all, so do keep in touch. **Kind regards, ICE Trikes.**

# NEW FAST TRACK TRIKES, PRE-BUILT, READY TO SHIP

LAUNCHING FROM MID MARCH,  
POPULAR MODELS, EASY TO ORDER

NEW for 2018 and available from mid March, ordering a great trike will be even easier. We're introducing ICE Fast Track, a range of popular recommended trikes. Pre-configured trike models, built in Britain, on the road prices, (includes mirror, flag, rear mudguard and pedals) easy to buy and quick to ship. Simply choose a popular model from the Fast Track range.

Adventure, Adventure HD and Sprint models are available as FAST TRACK trikes. Full details available in the price lists.

TRACK

# E-ASSIST RANGE

## SHIMANO STEPS E6000 & E8000 TRIKES

We are now excited to bring the Shimano STEPS, **E6000** and **E8000** systems to all our folding trikes. The Shimano STEPS Electric assist systems give you the push you need to explore further and faster with ease. Beautifully integrated into our trikes and with optional integrated smart lighting.

### ICE E-ASSIST STEPS E6000 & E8000

The Shimano STEPS systems includes a powerful motor with a smooth output. Providing a seamless and easy ride from a standing start even on steep inclines. Features a powerful 250w electric motor, several power modes and both motors support speeds up to up to 25 km/h (or 20mph depending on region). The LCD control units have a clear and intuitive interface, loaded with functionality. Compact, fully weather resistant and durable. The E8000 system is suited to off-road, demanding environments that need that extra boost and more powerful motor.

#### Shimano STEPS E6000 system:

- 250w motor
- 50Nm torque
- 418 Wh battery
- Optional automatic gear shifting

#### Shimano STEPS E8000 system:

- 250w motor
- 70Nm torque
- 504 Wh battery
- Bluetooth technology
- Optional Electronic gear shifting

**SHIMANO  
STEPS**

### NEW FLAG DESIGN

Bigger, brighter and very visible to keep you seen and safe. Our new high visibility flag with reflective detailing and built in eyelet should help keep you in sight even when your trike and your body might be hidden from view.

### YOUTUBE GUIDES

Take a look at our YouTube channel for new useful video guides on how to assemble and look after your trike. One new video details the unboxing and assembly process.

### SMART LIGHT SYSTEM

The Shimano STEPS system comes with an optional integrated 6v DC power output for powerful lighting. A great choice for a completely seamless system.

# THE ICE TRIKE RANGE

## VTX

### SLEEK-LIGHT-FAST

- FINELY TUNED, SUPERIOR PERFORMANCE TO THE MOST EXACTING RIDER
- MADE FOR RACING, FAST DAY RIDES
- RACE PROVEN SPEED
- NARROW TRACK
- LOW, RECLINED POSITION
- NATURAL NIMBLE HANDLING
- WEIGHT FROM 29LBS/13KG

## SPRINT X

### ENERGETIC-NIMBLE

- THE SPRINT X EXTENDS THE DESIGN OF THE STANDARD SPRINT RANGE BY UTILISING RACE-SPECIFICATION COMPONENTS
- GREAT FOR FAST RIDING, LIGHT TOURING OR COMMUTING

# ACCESSORIES

Accessories for all models unless stated in the item description. Some accessories are model specific and have their own product code as detailed in the item information. Retail prices in Euros, incl VAT @20%.

## MIRRORS AND MOUNTS

00043		<b>Mirrycle mountain mirror</b> The mirror is a 3" round, convex glass mirror with a wide field of view. The mirror is adjustable to any angle. The best we have found for a clear view behind you. Can be fitted either directly into the top of the handle bar if using twist grip shifter or into our mirror mount if using bar end shifters. Bar end shifter systems come with 1 mirror mount. Additional mirror mounts and mirrors can be ordered separately.	€21
01437		<b>Mirror Mount</b> The ICE custom mount clamps onto the handlebar and gives a mirror fixing position below the brake lever. Needed if fitting a mirror in combination with bar end shifters. (1 mount is included if the trike is ordered with bar end shifters).	€35

## FLAGS AND MOUNTS

02771		<b>ICE Flag and pole</b> High visibility flag with 3 piece pole for convenient storage. With ICE logo, reflective strip and eyelet for attaching streamers.	€29
01919		<b>Clamp on mesh seat flag mount</b> Additional flag mount to allow an alternative flag position from the built in seat top holes. Especially useful on the Sprint to give a more vertical and more visible flag position. Clamps to any 1" diameter tube.	€36
00825		<b>Flag mount for hard shell seat</b> Additional flag mount for Air Pro hardshell seat. Each Air Pro comes with one flag mount, this will allow a second, additional flag to be mounted on the seat.	€9

## RACKS AND CARRIERS

00087		<b>26 inch Rigid Rack</b> The ICE Rigid rear rack complete with custom fixing kit is the ideal complement to your ICE trike giving a robust luggage carrying system. Fits only 26" rigid rear end trikes. Does not fit suspension trikes. Maximum rack load - 25kg (55lbs)	€49
00090		<b>20 inch Rigid Rack</b> The ICE Rigid rear rack complete with custom fixing kit is the ideal complement to your ICE trike giving a robust luggage carrying system. Fits only 20" rigid rear end trikes. Does not fit suspension trikes. Maximum rack load - 25kg (55lbs)	€45
00335		<b>700c Rigid Rack for VTX</b> The VTX rack fits directly onto the rear of the ICE VTX and is compatible with most panniers and top bags. Made from a 7001 Hard-anodised heat treated aluminium. Fits only the VTX. Does not fit suspension trikes.	€48

# ACCESSORIES

Accessories for all models unless stated in the item description. Some accessories are model specific and have their own product code as detailed in the item information. Retail prices in Euros, incl VAT @20%.

01700		<b>Rack for 20 and 26 inch suspension trikes</b> Pannier Rack for 20" and 26" suspension ICE trikes, allows the use of standard touring side panniers. Can be combined with the top bag adapter to allow the use of a top bag.	€183
01297		<b>Suspension Pannier Rack with 20" top bag adapter</b> Rack for ICE suspension trikes with Top bag adapter for 20" rear wheel allowing the use of standard panniers and top bags.	€237
02222		<b>Suspension Rack with 26" top bag adapter</b> Rack for ICE suspension trikes with Top bag adaptor for 26" rear wheel allowing the use of standard panniers and top bags.	€264
01703		<b>Pannier Rack Top Bag Adapter for 20 suspension</b> Top section for 20" suspension rack to allow fitting of top bags. Requires 01700 pannier rack to be fitted.	€54
02216		<b>Pannier Rack Top Bag Adapter for 26 suspension</b> Top section for 26" suspension rack to allow fitting of top bags. Requires 01700 pannier rack to be fitted.	€81
01403		<b>Side Bag Mount</b> The ICE side bag mount allows a handlebar bag from an upright touring bike to be fitted next to the seat for easy access to small items such as food, camera, phone and maps without the need to get out of the seat.	€41

## MUDGUARDS (FENDERS)

00050		<b>20 inch rear mudguard/fender</b> The ICE rear mudguard with custom mount kit has been tested over many miles and is ideal for protecting you on those wetter days. Fits all 20" rear wheel ICE trikes	€38
00051		<b>26 inch rear mudguard/fender</b> The ICE rear mudguard with custom mount kit has been tested over many miles and is ideal for protecting you on those wetter days. Fits all ICE trikes with 26" rear wheels	€43

# ACCESSORIES

Accessories for all models unless stated in the item description. Some accessories are model specific and have their own product code as detailed in the item information. Retail prices in Euros, incl VAT @20%.

01429		<b>700c rear mudguard/fender</b> The ICE rear mudguard with custom mount kit has been tested over many miles and is ideal for protecting you on those wetter days.  Fits ICE trikes with 700c rear wheels.	€43
02020		<b>Full Fat Rear Mudguard/Fender</b> Custom built for the ICE Full Fat, this mudguard is tough, wide and built to handle everything the giant Full Fat tyres can throw at it.	€67
00049		<b>20 inch front mudguard set for rigid front end</b> The ICE front mudguard is supported by an anodised 6061 heat treated aluminium frame with a plastic profile body. The guard is adjustable for angle and vertical height.  This version fits the rigid front end. Part number 02137 fits front suspension trikes.	€161
02137		<b>Front Mudguard/fender set for suspension front end</b> Front mudguards for front suspension trikes featuring specific suspension mounting to allow the mudguard to move with the wheel and maintain effectiveness across all travel positions.	€175

## NECK REST

01588		<b>Ergo Flow mesh seat Neck Rest</b> The ICE neck-rest is fully adjustable for both height and angle, and can be fitted to mesh seats to provide neck support for increased comfort on long rides. Fitted with a removable padded cover on an adjustable tension strap for fully customisable comfort.  Fits Ergo Flow mesh seat only, for Air Pro hardshell neck rest you need item 01589	€113
01589		<b>Hardshell Seat Neck Rest</b> The ICE neck rest is fully adjustable for both height and angle, and can be fitted to mesh seats to provide neck support for increased comfort on long rides. Fitted with a removable padded cover on an adjustable tension strap for fully customisable comfort.  Fits Air Pro hardshell seat only, for Ergo Flow mesh neck rest you need item 01588.	€113

## CHAINRING GUARD

00725		<b>Chain ring guard</b> Designed by ICE, this optional chain ring guard is a light-weight and durable unit made from heat treated aluminium alloy. The guard is an added safety feature but is also very good in preventing you from accidentally brushing against the oily chain rings and avoiding the tell-tale prints on your legs or trousers. The guard may be fitted without removing the chain set by means of its convenient 2- bolt fixing. A chain ring of up to 58 tooth size can be fitted.	€66
-------	---	--	-----

## RIDER POSITIONING

02178		<b>Seat riser for Adventure and Adventure HD</b> The seat riser makes the seat 4 inches (10cm) higher. Perfect for those that find the normal seat heights just too low to comfortably mount and dismount. Generally increased rider height will reduce stability of the trike and so the seat riser is best suited to more steady paced riding.	€222
-------	---	--	------

## ACCESSORIES

Accessories for all models unless stated in the item description. Some accessories are model specific and have their own product code as detailed in the item information. Retail prices in Euros, incl VAT @20%.

00501		<b>Helping Handles for Adventure, Adventure HD and Full Fat.</b> Helping Handles offer the extra assistance you may need to get on and off your trike by giving secure leverage for a smooth recline and easier rise. They clamp firmly onto to the cross-axle of your ICE trike without interfering with the steering or ride; once fitted they do not need to be removed. Made from lightweight anodised aluminium with laser etched detailing, Helping Handles look stylish as well as being practical and convenient. For Adventure, Adventure HD and Full Fat only.	€134
01630		<b>Helping Handles for Sprint</b> The ICE Sprint Helping Handles offer the extra assistance you may need to get on and off your trike by giving secure leverage for a smooth recline and easier rise. They clamp firmly onto to the cross-axle of your ICE trike without interfering with the steering or ride; once fitted they do not need to be removed. Made from lightweight anodised aluminium with laser etched detailing, Helping Handles look stylish as well as being practical and convenient. For Sprint and Sprint X only.	€136
00870		<b>FF seat mounting bracket for shorter riders</b> The FF bracket moves the front seat mount forward for very short legged riders, we recommend short arm cranks for riders taking the FF brackets.  The FF bracket should only be fitted to Sprints and Sprint X trikes. It should not be used on the Adventure and Adventure HD.	€70
00872		<b>FB seat mounting bracket for taller riders</b> The FB bracket - moves the front seat mount backwards for very long legged riders. Note that using this bracket with the hard shell seat will reduce the maximum recline available.  The FB bracket can be used on all Sprint and Adventure and Full Fat models but does not fit the VTX.	€69
00724		<b>Easy Adjust Kit for Leg Length</b> The Easy Adjust Kit allows the trike to be quickly resized for different riders without the use of tools, including adjusting the chain length for the rider. This is very useful for trikes which are shared with more than one rider but not needed for any trike which is used exclusively by one rider.  This version fits all ICE trikes except the VTX, for the VTX you will need item number 00210	€125
00210		<b>Easy Adjust Kit for Leg Length - VTX</b> The Easy Adjust Kit allows the trike to be quickly resized for different riders without the use of tools, including adjusting the chain length for the rider. This is very useful for trikes which are shared with more than one rider but not needed for any trike which is used exclusively by one rider.  This version fits only the VTX, for all other ICE trikes you will need part number 00725	€141

## BAGS

00001		<b>Radical ICE Special Sidepod for standard seats</b> These custom ICE side pods have been specially made for our standard seat and are ideal for day riding or commuting. The bags fit directly onto the seat (must be used as a pair) and can be quickly removed from the trike just by lifting the pair off the seat. The zip opening is arranged so that the front of each bag can be opened whilst riding along - perfect for getting at the snack bars or a camera. Available in black only with reflective tapes at the rear.  This version fit's only Adventure, Sprint and Full Fat seats. For the Adventure HD you need part number 00781.	€117
00781		<b>Radical ICE Special Sidepod for HD seats</b> These custom ICE side pods have been specially made for our Adventure HD seat and are ideal for day riding or commuting. The bags fit directly onto the seat (must be used as a pair) and can be quickly removed from the trike just by lifting the pair off the seat. The zip opening is arranged so that the front of each bag can be opened whilst riding along - perfect for getting at the snack bars or a camera. Available in black only with reflective tapes at the rear.  This version fits the Adventure HD only, for the Sprint/Adventure version you need item number 00001	€117

# ACCESSORIES

Accessories for all models unless stated in the item description. Some accessories are model specific and have their own product code as detailed in the item information. Retail prices in Euros, incl VAT @20%.

01635		<b>Banana Racer bags for Hardshell Seat inc Banana Racer Spacer</b> These Banana Racer panniers fit directly to the Air Pro hard shell seats. They do not need a rack. With foam reinforcement and mesh pockets, the set comes with a custom deflector bracket which keeps the bags away from the chain and frame. They have a total volume of 25ltr and weigh 520 grams per pair.	€206
01633		<b>Banana Racer Spacer for Hardshell Seat</b> An essential simple frame to hold the Banana Racer bags away from the frame and chain line. Comes as standard with the Banana Racer bags for hardshell seat.	€29
00005		<b>Altura Arran Bar Bag 5Ltr - fits Side Bag Mount</b> The Altura Arran handlebar bag is recommended by ICE and gives an ideal storage solution for small items. Can be quickly removed and comes with a shoulder strap for easy carrying off the trike.  This bag cannot be mounted without the Side Bag Mount item number 01403	€50
01212		<b>Map pocket for Altura Arran Bar Bag</b> Keep your map dry and visible on top of the saddle bag. Velcro into place. Fits the Altura Arran Bar Bag item number 00005	€7
01745		<b>Accessory pouch for Ergo Flow mesh seat.</b> A small pouch which attaches to the back of the seat. Perfect for small essential items such as tools, pump, spare inner tubes etc which you bring on every ride and do not need to remove from the trike.  This pouch was designed to fit the rain cover for the mesh seat but proved so useful we decided to sell it as a stand alone storage solution.	€18

## RAIN SEAT COVER

01313		<b>Rain cover for ICE mesh seat Sprint with Pouch</b> This rain cover helps keep the seat dry when you are away from the trike helping to stop you getting a wet butt after a shower while you are in the coffee shop.  The cover comes with a dedicated pouch which you attach to the back of the seat to make sure you never get caught without it.  This version fits the Sprint seat only, for the Adventure, Adventure HD and Full Fat you will need part number 01314	€34
01314		<b>Rain cover for ICE mesh seat for Adventure, HD and Full Fat with Pouch</b> This rain cover helps keep the seat dry when you are away from the trike helping to stop you getting a wet butt after a shower while you are in the coffee shop.  The cover comes with a dedicated pouch which you attach to the back of the seat to make sure you never get caught without it.  This version fits the Adventure, Adventure HD and Full Fat, for the Sprint you will need part number 01313.	€34

TRAILERS			
00116		<b>Radical Cyclone IV Trekking Trailer for 20 inch rear wheeled trike</b> The Cyclone IV trailer is the fourth generation of the multiple award-winning Cyclone trike trailer. The Cyclone is used all over the world for cycling holidays, long trike rides and even expeditions. Due to its robustness, minimal rolling resistance and quick conversion to a duffel bag, its the perfect trailer for each trike ride with luggage.	€550
00336		<b>Radical Cyclone IV Trekking Trailer for 26 inch rear wheeled trike</b> The Cyclone IV trailer is the fourth generation of the multiple award-winning Cyclone trike trailer. The Cyclone is used all over the world for cycling holidays, long trike rides and even expeditions. Due to its robustness, minimal rolling resistance and quick conversion to a duffel bag, its the perfect trailer for each trike ride with luggage.	€550
LIGHT MOUNTS			
00038		<b>Front light mount</b> The front light mount provides a firm light mounting point, ideal for taking one or more lights for those winter rides. Bolts to the bottle bosses on the boom derailleur post. The horizontal tube is 1" in diameter meaning that most handlebar mounting bicycle front lights can be used.	€30
00851		<b>Neck rest light mount</b> A custom rear light mount designed to clamp on to the ICE neck rest allowing the fitting of most conventional bicycle rear lights which are designed to fit the seat post of an upright bicycle.	€16
02457		<b>Seat rail light mount</b> The Seat Rail Light Mount clamps to the back of the seat and offers a short upright section of tube which allows the mounting of any clamp on accessory which is designed for the seat post of an upright bike such as lights, reflectors, small saddlebags, even some clamp on mudguards.	€43
LIGHTING SYSTEMS			
02625		<b>Lighting set: SON, Busch &amp; Muller For dynamo with 20in susp rack top</b> Lighting set for use with the SON dynamo fron hub, this kit contains a front light, rear light, cables and suspension rack top section pre-threaded with the rear light cable.  SON 80 LUX LED front light, B&M rear light mounted to rear of suspension pannier rack top.	€344
02626		<b>Lighting set: SON, Busch &amp; Muller For dynamo for WO/ Rack</b> Lighting set for use with the SON dynamo front hub, this kit contains the front and rear light and cables. It does not include the rack top, the rear light mounts to the seat.  SON 80 LUX LED front light with switch and standlight function, B&M rear light mounted to seat frame, includes all wiring installed	€298
02627		<b>Lighting set for Steps E Trike with 26in Rack top: SON, Busch &amp; Muller</b> Lighting set for use with Shimano Steps electric assist system. This kit contains the front and rear lights, cables and the pannier rack top section with the cable pre-threaded.  SON 80 LUX LED front light, B&M rear light mounted to rear of suspension pannier rack top, includes 26" rack top.	€369

# ACCESSORIES

## COMPUTERS AND MOUNTS

00021		<p><b>Cateye Strada Wireless Computer</b> "Basic cycling functions in a compact design. ClickTec™ technology makes it easy to switch between seven modes by pressing the bottom of the computer face. Selected mode is displayed at the bottom of the screen, while current speed remains at the top in easy-to-read numbers.</p> <p>Innovative FlexTight™ bracket mounts quickly, securely and tool-free." - Cateye.</p> <p>This computer can be mounted to the Mirror arm or on our dedicated Computer Display Mount (item 00027)</p>	€56
00027		<p><b>Computer Display Mount</b> Our central mount allows easy fitting of the computer head unit to the trike. The mount is removable and is fitted to the bottle boss mounts on the top of the main frame. (Not suitable for large head units)</p>	€18
02761		<p><b>Display Mount arm (used for Steps)</b> Mount accessories such as computers or GPS. Double bolt clamp for easy installation. Fits to any 7/8" (22.2mm) handle bar. Hole in one end accepts a mirror or any other bar end fitting item.</p>	€38
01440		<p><b>Computer Sensor Mount</b> The king post sensor mount attaches to the end of the kingpost arm and allows the sensor to be easily positioned to pick up the magnet signal from the front wheel.</p> <p>The sensor mount replaces a spacer within the steering assembly so it maintains all geometry and moves with the steering to keep a constant distance from the wheel and a consistent reading.</p>	€14

## BATTERY MOUNTS

02588		<p><b>Battery mount for suspension trikes without rack</b> Allows easy and secure mounting of electric assist system batteries. This kit is for trikes with rear suspension and no rack. This battery mount fastens to the trike through the suspension pivot.</p> <p>For trikes with a rack you need part number 01819</p>	€76
-------	---	---	-----

# ACCESSORIES

Accessories for all models unless stated in the item description. Some accessories are model specific and have their own product code as detailed in the item information. Retail prices in Euros, incl VAT @20%.

01819		<p><b>Pannier Rack for suspension trikes with added battery mounting. No rack top bag adapter</b> ICE suspension rack (01700) with added battery mounting bracket.</p> <p>Pannier Rack for 20" and 26" suspension ICE trikes, allows the use of standard touring side panniers. Can be combined with the top bag adapter to allow the use of a top bag.</p> <p>The battery mount angle plate allows easy and secure mounting of electric assist system batteries.</p>	€212
02635		<p><b>Battery mount for rigid (non-suspension) trike.</b> Battery mounting made by TerraCycle for rigid ICE back ends which clamps to the back end tubes. This mounting allows easy and secure mounting of electric assist batteries on ICE trikes without suspension.</p>	€126
<b>BOTTLES AND CAGES</b>			
02660		<p><b>Water Bottle: ICE branded 750ml with easy twist and membrane lock</b> This high quality Tacx 750ml water bottle is a finishing touch to any ICE Trike and the best way to fill any bottle cage.</p> <p>The bottle has an innovative, easy-to-clean membrane cap, entirely manufactured in the Netherlands. Thanks to the hygienic lock system, you can drink from it easily and it is dishwasher-safe.</p>	€13
00012		<p><b>Elite Cannibal race bottle cage, Black</b> The Mio Cannibal Elite bottle cage is a super high quality bottle cage. The bottle cage is extremely strong, lightweight and durable. The spring action arms means the cage can comfortably hold almost any standard bottle. Fits front braze on mounts or onto optional extra mounting bracket for bottle cage which can be fitted to mesh seat models.</p> <p>Pair with the bottle cage riser 00016 for easy bottle access while riding.</p>	€17
00016		<p><b>Bottle Cage Riser</b> The bottle cage riser has become a must have for many trikers. It takes the front bottle cage mount position and flips and angles it so that it faces towards you for easy access while riding without interrupting your ride so you can stay hydrated easily.</p> <p>Works with most standard bottle cages but some longer cages will not be compatible.</p>	€16
01372		<p><b>Mounting kit for bottle cage on hard shell seats</b> Consisting of just a pair of bolts, nuts and washers this simple kit allows you to add a bottle cage to the Air Pro hardshell seat onto one of the two mounting positions on the back of the wings. Bottle cage not included, pair with the elite Cannibal bottle cage 00012 and our ICE water bottle 02660 for a complete bottle solution.</p>	€5
<b>QUICK RELEASES</b>			
02228		<p><b>Pair of QR levers for front mudguards, black (not for suspension mudguards 02137)</b> This pair of quick releases allows you to remove the front mudguards/fenders without tools for dry rides or extreme folding situations where the size of the folded package needs to be reduced as much as possible.</p> <p>This kit is only compatible with the rigid front mudguards 00049</p>	€6
02227		<p><b>Pair of QR levers for front boom</b> These quick releases allow the front boom to be quickly collapsed for extreme folding and for the leg length of the trike to be adjust very slightly but as they do not adjust the chain length (for that you need the Easy Adjust kit 00724) they should not be used to adjust the trike for different riders.</p>	€20

# ACCESSORIES

PEDALS (NOT INCLUDED AS STANDARD)			
00069		<p><b>Shimano PDA 520 single sided SPD pedals</b> Great value touring SPD pedal with a lightweight and stylish body. Single sided cleat mechanism follows the same technology used on MTB pedal systems. Compatible with all 2 bolt MTB and Touring SPD shoes. PD-A520 comes with SM-SH51 single direction release cleats.</p> <p>With only the SPD option on these pedals they are best for serious riders who won't want to lend their trike to others or ride in street shoes.</p>	€56
00070		<p><b>Shimano PDM324 SPD / flat combination pedals</b> The Shimano PDP M324 SPD pedal is ideal for recreational riders who commute and tour. Combines SPD mechanism on one side and flat pedal body on the other, you can ride with cleats or normal shoes. Serviceable cup and cone bearings add to long life of the pedals. Adjustable cleat tension means you can start off with loose tension for extra easy engagement and release, and turn up the tension as you progress. Weight is 520g.</p>	€56
02811		<p><b>Shimano XT SPD/flat combination pedals.</b> With both SPD clip in and flat pedal options available just by flipping the pedal these pedals are perfect for a quick ride to the shops or an epic tour and everything in between. Ride in any flat sole shoe or in dedicated SPD shoes. Weighing in at only 392g for the pair these high end pedals are light, tough, stylish and the perfect accent to any touring trike.</p>	€101
SPARES AND TOOLS			
00115		<p><b>Topeak Alien 2 multi-tool</b> The award winning, do-it-all tool. 31 function tool folds into a lightweight two piece body - the perfect cycling tool. Includes self-tightening tool and a nylon bag.</p>	€45
00071		<p><b>Topeak Race Rocket Mini Pump with Bottle Cage Mount</b> Designed to meet the demands of a professional racing and training schedule this elegant and sleek mini pump features a full aluminum body, head and pump handle. An extendable hose helps take stress off the valve stem and the dependable single action stroke fills tires fast. The Race Rocket's compact size easily fits in a jersey pocket and its low weight is welcome on long training rides and endurance races.</p> <p>Comes with clip system and can be mounted under bottle cage for always there dependability.</p>	€31
01112		<p><b>ICE 9t lock ring spanner for custom wide range cassettes</b> Our custom 9-32 cassette system uses a different hub and a different cassette mounting from most standard 11 tooth cassettes. This tool allows the cassette to be tightened and loosened.</p>	€10
00242		<p><b>Touch up paint for ICE colour Red</b> 3 part system, used to cover small paint scratches or stone chips.</p>	€13
00261		<p><b>Touch up paint for ICE colour Marine Blue</b> For older blue ICE trikes before 2016. We have offered trikes in different shades of blue; please contact us if you have any doubt that this is the correct colour.</p>	€13

00123		<b>Schwalbe Durano 20 x 1.10 (28-406) wire bead</b> The Schwalbe Durano is a fast tyre which still maintains some toughness making it perfect for training and long distance fast riding. If you have smooth roads and don't mind sacrificing some comfort these tyres could be a great option. For more comfort while still being quite fast you could look at the Kojak, for more speed the Schwalbe One would be the way to go.	€29
00130		<b>Schwalbe Marathon Plus 20 x 1.75 (47-406) SmartGuard</b> The Schwalbe Marathon plus offers amazing puncture protection. These tough, thick tyres will give you the best chance of never changing a puncture. For those who value reliability over anything these tyres are the way to go. For more comfort and speed the Schwalbe Big Apple could be a good choice but at the sacrifice of some puncture resistance.	€40
00132		<b>Schwalbe Big Apple 20 x 2 (50-406)</b> Schwalbe Big Apple balloon tyres offer maximum comfort without sacrificing too much speed as they have a smooth tread and large volume. For more puncture protection look at the Marathon Plus, for more speed try the Tryker or Kojak.	€27
00136		<b>Schwalbe Kojak 20 x 1.35 (35-406) wire bead</b> The Schwalbe Kojak is a great fast, comfortable road tyre. Its only downfall is in puncture resistance and overall longevity. For a tougher tyre look at the Tryker, for more speed try the Durano or the One.	€33
02110		<b>Schwalbe Citizen 20" 42-406</b> The Schwalbe Citizen is a lower cost tyre which gives a good balance between comfort, grip and puncture resistance.	€16
02480		<b>Schwalbe ONE V-Guard Folding 406x28c</b> The fastest tyre we offer, the Schwalbe One is perfect for the racer and segment hunter. They are the shortest life and least puncture resistant tyres we offer but they have excellent ride characteristics.	€70
00138		<b>Schwalbe Kojak 26 26 x 1.35 (35-559) wire bead</b> The Schwalbe Kojak is a great fast, comfortable road tyre. Its only downfall is in puncture resistance and overall longevity. For a tougher tyre look at the Spicer or Citizen, for more speed try the Durano or the One.	€29
00141		<b>Schwalbe Durano 26 x 1.1 (28-559) folding</b> The Schwalbe Durano is a fast tyre which still maintains some toughness making it perfect for training and long distance fast riding. If you have smooth roads and don't mind sacrificing some comfort these tyres could be a great option. For more comfort while still being quite fast you could look at the Kojak, for more speed the Schwalbe One would be the way to go.	€39
00145		<b>Schwalbe Marathon Plus 26 x 1.75 (47-559)</b> The Schwalbe Marathon plus offers amazing puncture protection. These tough, thick tyres will give you the best chance of never changing a puncture. For those who value reliability over anything these tyres are the way to go. For more comfort and speed the Schwalbe Big Apple could be a good choice but at the sacrifice of some puncture resistance.	€40
